

## SSR250407A01 Operational Amplifier Trainer

- Supporting  $\mu$  A741 or TL 081 op amplifier chip
- Input Power supply::AC220V  $\pm$  10%,50HZ
- Integrated power supply DC : +12V / GND / - 12V
- Plastic case
- Operational Amplifier Silk-screen printing on case.
- Output connections sockets : 4mm
- Connecting leads, connecting cross and other connecting device are supplied in sufficient quantity to do all experiments.

- 1) Inverting experiments
- 2) Adder experiments
- 3) Inverting adder experiments
- 4) follower experiments
- 5) derivator experiments
- 6) integrator experiments
